# 1.Introduction

This document provides a description of the installation procedure of the IUCLID 5 SNIF Migration plugin.

## 2.How to download the SNIF Migration Plugin

Open your internet browser, for example Internet Explorer and follow the steps here below reported:

- Go to the IUCLID 5 download website <http://iuclid.eu>;
- Log into the restricted area of the download website using your previously created account and use your username and password;
- In the “Download” section select “SNIF Migration plugin”;
- Click “Download the installation package”;
- Select the “I acknowledge” check box and then click “Next” button;
- In order to download the software you have to accept the license agreement. Read carefully the Licence Agreement and, if you agree, accept it selecting both the “I accept” and “I am entitled to sign this License agreement” checkboxes. Click the “Next” button. Select “please click here” to start the download. Select “Save” to save the file to your computer;
- Save the **IUCLID5\_SNIF\_Migration\_2008-11-10.zip** file to your computer.
- Extract the SNIF Migration plugin **eu.echa.iuclid.plugin.migrarationsnif.zip** from **IUCLID5\_SNIF\_Migration\_2008-11-10.zip** file that you downloaded. Use **eu.echa.iuclid.plugin.migrarationsnif.zip** file for the rest of the installation (i.e. do not extract the content of this zip file).
- To complete the installation, follow the “Standalone installation” or the “Distributed installation” section of this document.

## 3.Installation instructions

### 3.1.Standalone Installation

If IUCLID 5 is running, save your work and close the application.

- Copy the file “**eu.echa.iuclid.plugin.migrarationsnif.zip**” into the **plugins** folder you find inside the **IUCLID5-folder**. Usually the location is: **C:\Program Files\IUCLID5\workstation\plugins\eu.echa.iuclid.plugin.migrarationsnif.zip**
- Restart IUCLID 5.
- The SNIF migration plugin is installed and ready to use.

### 3.2.Distributed Installation

The server application does not need to be stopped for this installation.

On the IUCLID 5 application server:

- Copy the file **eu.echa.iuclid.plugin.migrarationsnif.zip** into the ...\\i5clientPlugins\\remotePlugins folder, for example **C:\\Program Files\\apache-tomcat-5.5.20\\webapps\\i5server\\i5clientPlugins\\remotePlugins**
- Restart IUCLID 5 client application. The server does not need to be restarted.

The new plugin will only be accessible after the client application has been restarted.

### 3.3.Checking for a Successful Installation

If the installation was successful, the SNIF Migration plugin should be added to the task panel, the toolbar and also the menu ("Plugins| Migrate SNIF").

#### Note:

If the plugin is no longer required (e.g. after migration of all SNIF data), the **eu.echa.iuclid.plugin.migrarationsnif.zip** file can be removed. The plugin will then disappear from the IUCLID 5 application.

If the plugin is removed all migrated substances or dossiers will still remain in the database.

## 4.Documentation Available

The installation document for the SNIF Migration plugin can be obtained from the IUCLID 5 download website: <http://iuclid.eu> under the Get Support \ Documentation section.

### 4.1.Licensing

The License Agreement acknowledged during the download of the original software applies to this release, according to the relevant paragraph:

"Software" shall mean a computer software system named "IUCLID5" to collect, store and exchange with others data on chemical substances, their properties, their producers or importers and related data and meta data. The use of the Software is not restricted to a specific national, regional or international legal requirement. The Software means also all of the contents of the files (provided either by electronic download, on physical media or any other method of distribution), disk(s), CD-ROM(s) or other media with which this Agreement is provided, **as well as any updated versions of the above-mentioned computer software.**
